EDUCATION

University of Washington *September 2022 – June 2026*

Major in Applied Computing, Minor in Economics, Minor in Business Administration

3.80 GPA

Completed/Current courses:

Software Engineering, Applied Algorithmics, Technical Writing, Database Systems, Operating Systems and Computer Hardware

PROJECTS

Unity FPS Game, *C#, Blender, Visual Studio* *October 2024 – Present*

- Creating a 3D, first-person based shooter game centered around time trials
- Used C# to create custom scripts to modify and control game objects, audio, and enemy AI behavior
- Modelled and animated low-poly 3D game characters with Blender

Sports Dashboard, *Python, FastAPI, JavaScript, React, HTTP, Azure DevOps, Visual Studio Code* *December 2024*

- Developed frontend of a website that calls the ESPN API to fetch the latest sports news
- Utilized React to create a cohesive and user-friendly frontend for displaying news from multiple sports
- Used FastAPI to set up endpoints on the backend to retrieve news articles

Quotes Database, *C#, .NET, Azure DevOps, xUnit, Visual Studio Code* *October 2024 – November 2024*

- Researched, developed, tested, and deployed new functionality to a live C# database undergoing active development
- Used Azure DevOps to track and upload work, and assign work to teammates and myself
- Performed test driven development with .NET unit testing to ensure code reliability

SKILLS

- *Coding Languages:* Python, Java, JavaScript, HTML, C#, CSS, SQL
- *Applications:* Microsoft Office, Azure DevOps, GitHub, Visual Studio Code, Visual Studio, Wireshark, Blender
- *Frameworks:* Unity, Node.js, .NET, Azure, xUnit, React, FastAPI, HTTP

EXPERIENCE

Dell/Nvidia Field Sales Manager *July 2023 – December 2024*

2020 Companies

- Promoted and sold many computer systems for customers in store, including Alienware gaming systems and XPS business computers.
- Surpassed quarterly sales goals in the Seattle market consistently, by 12.6% in Q1 2024 and 40.8% in Q2 2024.
- Evaluated and adapted to various store performances, creating reports to send to management and adjusting strategies for improving sales performance.
- Handled confidential information regarding upcoming product releases and sales figures.
- Collaborated with a nationwide team to outperform quarterly sales goals as a program.
